BANCO DE CHILE  
REPORT ON FORM 6-K

Attached is a Press Release issued by Banco de Chile (“the Bank”) on November 24, 2012, regarding the time table of Banco de Chile’s capital increase and the placement process that is furnished as provided in Rule 135c under the Securities Act.

Banco de Chile (the “Bank”) announced the launch of the preferential rights offering in connection with the capital increase approved by Banco de Chile’s shareholders in October 2012.

Pursuant to the capital increase the Bank is authorized to issue 3,939,489,442 (Banco de Chile-T series) cash shares. Banco de Chile-T series shares will have the same rights as Banco de Chile’s ordinary shares, except that the holders of Banco de Chile–T series shares will not receive dividends or fully paid-in shares in respect to Banco de Chile’s net distributable earnings for fiscal year 2012. Once any dividends and/or fully paid-in shares are distributed, the Banco de Chile-T series shares will automatically convert to Banco de Chile ordinary shares.

Banco de Chile shareholders, with the exception of Sociedad Matriz del Banco de Chile S.A., and Sociedad Administradora de la Obligacion Subordinada SAOS S.A. (“SAOS”), will have preferential options to subscribe the Banco de Chile–T series shares during the ordinary preemptive rights period. With respect to Sociedad Matriz del Banco de Chile S.A. shareholders, shareholders of series A, B, D, and E shares will also have the option to purchase additional shares during the ordinary preemptive rights period. The preferential shares of the 1,279,502,316 shares that SAOS has pledged as collateral to the Chilean Central Bank, will go to the shareholders of series A, B & D of Sociedad Matriz del Banco de Chile S.A. through options that will allow them to purchase 0.10665068967 shares for every share of said series during the special preemptive rights period which will begin 15 days after the end of the ordinary preemptive rights period.

In the ordinary preemptive rights period 2,659,987,126 shares will be offered. According to the foregoing, 2,116,815,508 shares will be offered to the shareholders of Banco de Chile, which will have the option to acquire 0.04474769744 shares for each share they hold and the 543,171,618 shares of the series A, B, D and E shareholders of Sociedad Matriz del Banco de Chile S.A., will have the option to acquire 0.04474781921 new shares for each share they hold. The record date is November 29, 2012.

The price at which the shares will be sold is CLP \$ 64 and shall be paid in advance.

The above described options will remain open for 30 days starting on December 5, 2012 and ending on January 3, 2013. The shareholders that do not exercise their options within the time frame waive the option. The shares that are not sold or exercised via options will be placed in the local stock markets.

The term for the issuance, subscription and payment of the shares will be three years starting October 17, 2012.

Proceeds for the capital increase will be used to increase the Bank’s capital base in order to strengthen the Bank’s business position, address growth opportunities and comply with higher capital requirements.

The following is a summary of the monthly value of Banco de Chile's shares as traded on local stock exchanges during the last 12 months:
